## POURING TROOPS INTO PENSACOLA

Entire Force of State Troops Ordered Out—Cars Will be Run Between Picket Fences of Bayonets

Jacksonville, Fla., April 13.—The following order was received late yesterday afternoon from Adj. Gen. J. Clifford R. Foster from Tallahassee: "Assemble Companies A, D and F. Immediately and proceed by afternoon train for Pensacola, there reporting to Col. Lefils on arrival. Take every available man; heavy marching order; twenty rounds multiple ball cartridges per man. Commutation of rations allowed for trip, and if possible take field ranges. Afternoon train will be held three-quarters hour. Sound general alarm so as to get men out quickly, and take as many as possible." Immediately upon receipt of this message the fire whistle sounded the riot call. Almost instantly military men, policemen, deputy sheriffs and special officers rushed to their headquarters and at 6 o'clock one hundred and seventy men were marching at double-quick time to the depot. Following them was the galling gun detachment and at 6:30 o'clock the train pulled out, amid cheers from the excited crowd that had gathered at the depot.

### Whole State Sent Troops

In addition to the Jacksonville companies every available man in the state militia service was ordered to Pensacola at once. A special from Live Oak stated that the Suwannee Guards, the Tallahassee, Apalachicola and other companies had proceeded to Pensacola on the yesterday morning train.

Wild rumors were afloat on the streets that the mob had destroyed the city jail to get at the strike-breakers, and another rumor was to the effect that the federal troops had mutinied. These reports, however, were not given credence.

Knowing that the Pensacola Electric Company intended today to make an attempt to operate its cars, it is believed that the military companies were ordered to that city to be on hand in case of further trouble.

### PRESIDENT ROOSEVELT SAYS

That outdoor exercise is needed by the American people. That's all very well, but how can people with rheumatism follow that advice? The answer is simple—use Ballard's Snow Liniment and the rheumatism will go; leaving you as spry as a colt. Gives quick and permanent relief from rheumatism, neuralgia, lame back and all pains. Sold by Anti-Monopoly Drug Co.

### SITUATION IN PENSACOLA

Sunday was Quiet and Authorities Evidently Have Matters in Hand

Pensacola, April 13.—With state troops in charge of the city and guarding the strikebreakers and with a curfew law in effect which prohibits any party from being on the streets after 10 o'clock, Pensacola was last night quiet and more orderly than at any time since the strike of a week ago. Yesterday afternoon there was a monster mass meeting at the opera house of laboring men, over 2,000 attending and many addresses were delivered by organized labor men and their sympathizers, in which they called upon the union men of the city to stick together and boycott Stone & Webster, in so far as the cars are concerned, also their lighting department.

### LEDFORD KICKED A LION

Unprecedented and Unparalleled Foolishness of a Young Man of Atlanta

Atlanta, April 13.—Because "Bill Patterson," one of the Grant Park lions, refused to eat the peanuts given him, Arlay Ledford, a young man from Roswell, jumped over the railing and kicked the lion on the foot. The animal, angered, thrust out a paw and clawed Ledford's leg. He tore off the leg of Ledford's trousers and scratched the flesh so badly Ledford had to be taken to the hospital. It was found, however, that his injuries were not serious, and after his wounds were dressed he went home determined not to monkey with any more lions.

## STRIKERS ARE STUBBORN

But with Soldiers and Strike-Breakers Arriving on Every Train, They Have Little Chance of Success

(Special to the Star.)

Pensacola, Fla., April 13.—There is no change in the strike situation and street car service is still suspended. The New York strike-breakers are at the police station under protection of the police and militia. Forty more professional strike-breakers are expected to arrive this afternoon and an attempt will probably be made to operate the street cars tomorrow. Several more companies of state troops are expected tonight. Journal.

### AN OPEN LETTER

To the Candidates for the Legislature Ocala, Fla., April 13th, 1908.

Hons. C. L. Bittinger, L. S. Light, W. D. Carn and Wm. Griffith, Candidates for the Legislature:

Gentlemen—As you are no doubt aware, the Marion county Anti-Saloon League has put forward no candidate in the primary campaign now pending. The league is desirous, however, of having all candidates for the legislature announce their position in regard to the submission of a constitutional amendment providing for state prohibition.

If elected a member of the next legislature, will you advocate and vote for a resolution proposing a constitutional amendment that will submit direct to the people the question of state prohibition, or, will you vote to refuse the people of Florida the privilege of passing on this important question?

By order of the Marion county Anti-Saloon League.

W. T. Gary, President.

Geo. L. Taylor, Secretary.

The residential section of the city, where the wealthier class reside, escaped the flames.

## MURDERED AT MIDNIGHT

Three Men Killed in an Attack on Imported Orange Packers in Orange County Friday Night

Tamna, Fla., April 12.—News reached here last night of the killing of Charles Whitehurst, George Griffin and Charles Smith, white, orange packers, at Lake Harney, three miles from Sanford.

While the victims and ten other white men, employed in a packing house operated by Auburn & Son, were sleeping, a party of armed men set fire to the house and as the inmates ran from the burning building, the attacking party opened fire on them with rifles and shotguns.

Ten escaped and aroused the neighborhood, but no clue could be found to the assassins.

The men killed were recently from Georgia and the crime is believed to be the work of the men who had been refused employment in the packing house, who resented the bringing of packers from other places.
